Saturday, December 3...2-5PM

This event calls for a wintry forecast as Jolly Ole Saint Nicholas and his seasoned elves are busy getting ready for the holidays in Santa's North Pole Workshop... and you're invited for a special sneak peek to become an "Elf-In-Training!" See dancing reindeer, life-sized living toy soldiers and a few special surprises as Santa finishes building the toys and getting his sleigh ready for the big night! Every "Elf-In-Training" will attend "Elf School" by participating in the following activities:
